PART ONE: THE GLOBAL EPIDEMIC

Introduction

The Global Cancer Crisis.....	2
Our Body Burden.....	4
The Cost of Cancer.....	6
What Causes Cancer?.....	8
What About Aging, Genetics and Lifestyle?	10
The Environmental Links.....	12
Cancer in Children.....	14
Cancer in Animals and Fish.....	16
Cancer: The Bigger Picture	18
Risk Assessment and the Precautionary Principle.....	20
Changing the Cancer Paradigm.....	22
It's Not Just Cancer.....	24
Prevention, Early Detection and Screening.....	26
Our Weakened Immunity.....	28
The Chemical Deluge	30
Gender Benders.....	32
Cancer Where You Work.....	34
Cancer Where You Live.....	36
Cancer from Cars, Trucks and Buses	38
The Way We Farm	40
The Food We Eat.....	42
Awash in Pesticides.....	44
For Everyone's Sake, Stop Smoking.....	46
Electromagnetic Radiation: We're the Experiment	48

Cancer Hazards of Ionizing Radiation	50
Radiation and Nuclear Power.....	52
The Cancerous Corporation	54
The Limits — and Corruption — of Science.....	56
Big Pharma and the War on Cancer	58
Who Is Protecting Us?.....	60
What Are Cancer Charities and Hospitals Doing to <i>Prevent</i> Cancer?	62
Prevent Cancer Now.....	64

PART TWO: 101 SOLUTIONS

Ten Solutions for Individuals

1. Open Your Eyes	68
2. Adopt Healthy Habits	70
3. Avoid All Tobacco Smoke.....	72
4. Eat a Healthy Diet.....	74
5. Switch to Safe Personal Products.....	76
6. Live in a Healthy Home.....	78
7. Clean Your Home Safely	80
8. Treat Your Garden with TLC, Not 2,4-D ...	82
9. Minimize your Exposure to Radiation.....	84
10. Make a Difference	86

Five Solutions for Parents

11. Create a Healthy Pregnancy.....	88
12. Create a Healthy Home for Your Baby	90
13. Breastfeed Your Baby.....	92
14. Feed Your Kids Organic Whole Foods	94
15. Take Action for Healthy Schools.....	96

Five Solutions for Youth

16. Keep Your Eyes Wide Open.....	98
17. Don't Be a Sucker to Big Tobacco: Kick Butts!	100

18. Be Careful of Everyday Products.....	102
19. Make Your School Healthy.....	104
20. Become an Activist.....	106

Ten Solutions for Action Groups

21. Join the Activists	108
22. Form a Local Group	110
23. Choose Your Priorities.....	112
24. Tackle a Local Challenge.....	114

29. Create New Legislation	124
30. Learn the Art of Advocacy	126

Five Solutions for Health Care

31. Champion Public Health and Environmental Justice.....	128
32. Promote Healthy Parenting <i>Before</i> Conception and Birth.....	130
33. Ensure a Safe Childhood.....	132
34. Solutions for Cancer Agencies	134
35. Practice Health Care Without Harm.....	136

Ten Solutions for Cities

36. Create a Cancer Prevention Action Plan.....	138
37. Become a Green Community	140
38. Clean the Air	142
39. Stop Incinerating Waste.....	144
40. Grow Organic Food and Forests	146
41. Create Safe, Green Schools	148
42. Curb Electromagnetic Radiation.....	150
43. Clean the Water and Sewage	152

44. Get Smart: Fight Poverty, Stop Sprawl...	154
45. Work with Other Cities.....	156

Five Solutions for Labor

46. Educate and Organize	158
47. Agitate and Compensate.....	160
48. Negotiate, Legislate and Enforce the Rules.....	162
49. Go for Just Transition.....	164
50. Link up with Other Activists	166

Fifteen Solutions for Business

51. Become a Green Business.....	168
52. Move to Sustainability	170
53. Reduce Your Emissions to Zero.....	172
54. Embrace Green Chemistry	174
55. Phase out Toxic Chemicals in Products..	176
56. Phase out Most Uses of Chlorine.....	178
57. Protect Your Workers.....	180
58. Protect Your Neighbors	182
59. Stop Sabotaging the Solutions	184
60. Solutions for Transport Companies.....	186
61. Solutions for Power and Mining Companies	188
62. Solutions for Builders.....	190
63. Solutions for Farmers and the Food Industry.....	192
64. Solutions for Supermarkets and Retailers .	194
65. Solutions for All Businesses	196

Twenty Solutions for Governments

66. Build a National Cancer Prevention Strategy	198
67. Adopt the Precautionary Principle	200
68. Expand Public Health Care.....	202

69. Control the Chemicals.....204

70. Strengthen Your Regulatory Arm.....206

71. Tax Pollution, Instead of People.....208

72. Reduce the Toxics.....210

73. Let the People Know212

74. Control the Corporations214

75. Revive Democracy.....216

76. Green up Your Government218

77. Encourage Education
for a Sustainable World.....220

78. Clean up the Toxic Sites222

79. End the Use of Tobacco224

80. Promote Clean Production226

81. Promote Organic Food.....228

82. Clear the Air: Promote
Sustainable Energy230

83. Let the Waters Flow Clearly.....232

84. Stop Military Abuse
of the Environment234

85. Support the Global Movement.....236

Five Solutions for Developing Nations

86. Make Prevention Your #1 Strategy238

87. Stop the Tobacco Industry240

88. Clean the Air242

89. Support Organic Farming244

90. Leapfrog over the Western Path246

Ten Global Solutions

91. Fulfill the Dream of Sustainable
Global Governance248

92. Show Global Leadership on
Cancer Prevention.....250

93. Build Stronger Global Treaties252

94. Eliminate All Hazardous
Chemicals by 2020.....254

95. Stop the Global Trade in
Hazardous Wastes.....256

96. Ban Asbestos.....258

97. Stop Ozone Depletion.....260

98. Ban Depleted Uranium262

99. A Solution for the World's Religions264

100. Heal the Earth's Cancer.....266

One Solution for All of Us

101. Don't Sit This One Out.....268

Appendix 1:

IARC List of Cancer-Causing Agents,
Mixtures and Exposures.....270

Appendix 2:

Glossary.....276

Notes.....280

Index.....305

About the Authors.....317
