| ACKNOWLEDGMENTS | xv |
| PREFACE: A WORLD WITHOUT WEEDS | xvii |
| INTRODUCTION: THE STATE OF THE WORLD | xix |
| Chapter 1: What Is Aquaponics? | 1 |
| A Primer on Aquaponics | 1 |
| A Very Brief History of Aquaponics | 3 |
| Aquaponic Ecomimicry | 4 |
| Aquaponics, Permaculture and Sustainability | 5 |
| Aquaponic Plant Systems | 5 |
| Deep Water Culture Systems | 8 |
| Drip Tower Systems..... | 9 |
| DWC or Drip Towers — Our Recommendation | 10 |
| Plant Sites and Light Availability..... | 11 |
| Bacterial Surface Area..... | 11 |
| Available Oxygen | 12 |
| Filtration..... | 12 |
| Our Conclusion..... | 12 |
| Backyard vs Commercial Systems | 13 |
| Chapter 2: The RCA System | 15 |
| The Purpose of This Book..... | 15 |
| Avoiding Our Mistakes..... | 17 |
| A Note on Reading Before Building | 17 |
| A Note on Metric vs Imperial..... | 17 |
| A Note on Currency..... | 18 |

| | |
|---|----|
| A Note on North | 18 |
| Property Considerations | 18 |
| Zoning | 18 |
| Sun Exposure | 18 |
| Characteristics of the Land | 19 |
| Access to Power and Water | 19 |
| Prevailing Winds | 20 |
| Waste Disposal | 21 |
| Long-term Land Rights | 21 |
| Living On Site | 22 |
| The Greenhouse | 22 |
| Size | 22 |
| New vs Used | 23 |
| Types of Covering | 24 |
| Recommended Features | 25 |
| Heating the Air | 25 |
| Cooling the Air | 26 |
| Heating and Cooling the Water | 27 |
| Heat Pump | 29 |
| The Raincoast Aquaponics Greenhouse | 29 |
| Greenhouse Layout | 29 |
| Troughs | 32 |
| Trough Design Principles | 32 |
| The RCA Troughs | 33 |
| Rafts | 34 |
| Fish Tanks | 35 |
| Filtration Systems | 37 |
| Mechanical Filtration | 37 |
| Biological Filtration | 38 |
| RCA Filtration Systems | 39 |
| Radial Flow Separator (RFS) | 39 |
| Combination Filter Box (CFB) | 40 |
| Ultraviolet Sterilization | 41 |
| Supplemental Lighting | 43 |
| Germination Chamber | 45 |
| Seedling Area | 47 |
| Water: The Lifeblood of the Farm | 49 |
| Water Temperature | 49 |
| pH | 50 |
| Water Quality Management | 51 |

| | |
|---|-----------|
| Aeration | 52 |
| Pumps..... | 54 |
| Tower System Pumps..... | 56 |
| Effluent | 56 |
| The Sump | 58 |
| The Drain Down Effect..... | 59 |
| Workbench | 60 |
| Cistern | 60 |
| Power Consumption..... | 60 |
| Chapter 3: Principles of System Design..... | 61 |
| The Golden Ratio of Cold-water Aquaponics | 61 |
| Cold-Water vs Warm-Water Aquaponics | 62 |
| Using the Golden Ratio | 62 |
| Step 1..... | 63 |
| Step 2..... | 64 |
| A Note on Tower Systems | 67 |
| A Final Design Note | 67 |
| Chapter 4: Constructing the RCA System | 69 |
| Site Preparation..... | 70 |
| Greenhouse Construction..... | 70 |
| Foundation Installation..... | 71 |
| Arches Installation | 72 |
| Endwall Installation | 73 |
| Covering Installation..... | 73 |
| Roll Up Sides Installation..... | 74 |
| Hanging Components Installation | 74 |
| Circulation Fans Installation | 74 |
| Heater Installation | 74 |
| HID Light Installation..... | 75 |
| Electrical and Internet Installation | 75 |
| Internet Installation | 77 |
| Sump Construction | 77 |
| Sump Construction | 77 |
| Waste Tank Excavation | 80 |
| Trough Construction | 81 |
| Ground Preparation..... | 81 |
| Trough Construction | 81 |
| Side and Middle Wall Construction..... | 82 |

| | |
|---|-----|
| Endwall Construction..... | 83 |
| Assembling the Walls | 83 |
| Final Placement of the Troughs | 84 |
| Trough Liner Installation | 85 |
| Trough Plumbing Installation | 89 |
| Inlet plumbing..... | 90 |
| Drain plumbing..... | 90 |
| Side to Side Plumbing (U-turn) | 90 |
| Estimated Parts List for Trough Construction | 91 |
| Raft Construction | 91 |
| Painting the Rafts..... | 92 |
| Source Water Installation | 93 |
| Aquaculture Subsystem Installation | 93 |
| Layout | 94 |
| Installing the Main Waste Pipe..... | 95 |
| Installing the Fish Tanks..... | 95 |
| Building the Standpipe Assemblies (SPAs) | 97 |
| Installing the Radial Flow Separator..... | 99 |
| Installing the Tank Manifold..... | 100 |
| Connecting the Tank Manifold to the..... | 100 |
| Radial Flow Separator | |
| Constructing the Combination Filter Box (CFB)..... | 100 |
| Installing the Moving Bed BioReactor (MBBR) | 103 |
| Installing the Filter Screens | 103 |
| Installing the Combination Filter Box..... | 104 |
| Installing the Underground Plumbing (Trough Side) | 105 |
| Installing the Aeration Pipe..... | 106 |
| Aeration Blowers Installation | 107 |
| Air Stone Installation | 109 |
| Pump Side Plumbing Installation | 110 |
| Installing the UV Sterilizers..... | 110 |
| Installing the UV to Fish Tank Plumbing..... | 112 |
| Calculating the System Head | 113 |
| Selecting the Pumps..... | 115 |
| Heat Pump Installation | 116 |
| Cistern Installation | 119 |
| Seedling Table Construction..... | 121 |
| Workbench Construction..... | 122 |
| Walk-in Cooler Installation | 122 |
| Germination Chamber Construction | 123 |

| | |
|---|-----|
| Chapter 5: Tools of the Trade | 127 |
| Shade Cloth | 127 |
| Backup Oxygen and Power..... | 128 |
| Monitoring System..... | 131 |
| pH Controller | 133 |
| Dissolved Oxygen Meter | 134 |
| Water Testing Kit | 134 |
| Seedling Trays and Domes..... | 135 |
| Substrates | 136 |
| Dibbler Plate..... | 136 |
| Net Pots | 137 |
| Totes | 137 |
| Packaging..... | 137 |
| Salad Dryer | 138 |
| Scales | 138 |
| Knives and Scissors..... | 139 |
| Fishing Nets and Tank Covers | 139 |
| Cleaning Brushes..... | 139 |
| Washing Machine..... | 139 |
| Chest Freezer..... | 140 |
| Hot Water System | 140 |
| Stainless Steel Counter/Sink..... | 140 |
| Constructing the Wash Down Sink..... | 141 |
| Feed Storage..... | 141 |
| | |
| Chapter 6: Managing the Ecosystem | 143 |
| Bacteria | 143 |
| Nitrifying Bacteria | 144 |
| Mineralizing Bacteria | 144 |
| Bacteria and UV | 144 |
| Mineral and Nutrient Content | 145 |
| Ammonia, Nitrites and Nitrates..... | 145 |
| Other Plant Nutrients..... | 145 |
| Chemical Testing | 146 |
| Sample Water Location | 147 |
| Plant Observation | 148 |
| Nutrient Recycling..... | 148 |
| Water Quality and Management | 149 |
| pH..... | 149 |
| Two pH Management Methods: Buffering vs Hydroxides..... | 150 |

| | |
|--|------------|
| pH Management..... | 151 |
| Water Temperature..... | 153 |
| Dissolved Oxygen (DO) | 153 |
| Optimum Water Quality Parameters..... | 154 |
| Chapter 7: Cycling the System | 155 |
| Filling the System with Water..... | 155 |
| Cycling the System..... | 156 |
| The Importance of Calcium in Cycling | 160 |
| The First Cohort of Fish | 160 |
| The First Year of Operation | 161 |
| Full Capacity..... | 162 |
| Chapter 8: Raising Fish..... | 163 |
| Fish Species | 163 |
| Feed Conversion Ratio..... | 163 |
| Fish Sourcing | 164 |
| Record Keeping | 164 |
| Fish Transport | 165 |
| Fish Tempering and Quarantine | 167 |
| Tempering | 168 |
| Quarantine | 168 |
| Fish Feed | 169 |
| Feeding Your Fish | 170 |
| Sampling..... | 170 |
| Feeding Technique | 171 |
| Fish Tank Rotation | 171 |
| Tank Cleaning and Sterilizing | 172 |
| Fish Health | 173 |
| Hydrogen Peroxide Treatment..... | 175 |
| Salt Bath Treatment | 177 |
| Lab Analysis..... | 179 |
| Purging Before Harvest | 179 |
| Harvesting Fish | 181 |
| Chapter 9: Plant Production | 185 |
| Plant Selection | 185 |
| The Plants We Produce at RCA..... | 185 |
| Seeds | 187 |
| The Growth Cycle | 188 |

| | |
|--|------------|
| Direct Seeding | 188 |
| Multi-stage Production | 189 |
| Planting Seeds..... | 189 |
| Germination | 191 |
| Seedlings..... | 191 |
| Transplanting into the Troughs..... | 193 |
| Raft Placement and Rotation | 195 |
| Transplant Schedule..... | 196 |
| Thinning and Spacing Plants..... | 196 |
| Maturing Plants | 198 |
| Plant Inspection..... | 199 |
| Watering in the Greenhouse..... | 199 |
| Harvest, Packaging and Storage..... | 201 |
| Harvesting Methods..... | 201 |
| Washing Plants | 205 |
| Salad Mixes..... | 205 |
| Portioning..... | 206 |
| Packaging..... | 207 |
| Harvest Clean Up..... | 207 |
| The Production Cycle | 209 |
| Nutrient Deficiencies | 209 |
| Nitrogen | 210 |
| Calcium and Potassium..... | 210 |
| Iron..... | 211 |
| High Ammonia..... | 211 |
| Chapter 10: Plant Diseases and Pests..... | 213 |
| Pythium..... | 213 |
| Powdery Mildew | 214 |
| Fungus Gnats..... | 215 |
| Aphids | 215 |
| Cabbage Loopers..... | 216 |
| Earwigs | 216 |
| Pill Bugs..... | 217 |
| Slugs | 217 |
| Birds | 218 |
| Rats..... | 218 |
| Mink and Marten | 218 |
| Bears | 219 |
| Plant Disease and Pest Management | 219 |

| | |
|--|------------|
| Cultural Controls..... | 220 |
| Environmental Controls | 220 |
| Heating/Ventilation Cycle..... | 221 |
| Sticky Traps..... | 221 |
| Predatory Insects..... | 222 |
| Using Pesticide and Fungicide Sprays..... | 222 |
| Lethal Concentration Calculation | 222 |
| Re-entry Interval..... | 226 |
| Personal Protective Equipment (PPE) | 226 |
| Foggers..... | 227 |
| Chapter II: Standard Operating Procedures and Protocols | 229 |
| Daily Log | 229 |
| Weekly Tasks | 230 |
| Notes for Phase 3 | 230 |
| Weekly Seeding Chart | 231 |
| Crop Log | 231 |
| Fish Sample Log | 231 |
| Cohort Log | 231 |
| Monthly and Seasonal Tasks | 232 |
| Replacing UV Bulbs..... | 232 |
| Logs and Protocols | 233 |
| Chapter I2: Marketing and Sales | 245 |
| Aquaponic Advantages | 245 |
| Year Round Production..... | 245 |
| Ethical Plants..... | 245 |
| Ethical Fish..... | 246 |
| Aquaponics is Sexy..... | 246 |
| Potential Markets | 246 |
| Farmers Markets | 246 |
| Restaurants and Retail Stores | 248 |
| Wholesale Distributors..... | 249 |
| Farm Gate Sales | 249 |
| Market Comparison..... | 250 |
| The RCA Sales Model | 250 |
| Promoting Your Farm | 251 |
| Chapter I3: Creating a Business Plan..... | 253 |
| Construction Costs | 253 |

| | |
|---|------------|
| Property Acquisition | 253 |
| Labor Costs..... | 253 |
| Site Preparation..... | 254 |
| Greenhouse..... | 254 |
| Power..... | 254 |
| List of Initial Costs..... | 254 |
| Ongoing Operational Costs | 256 |
| List of Ongoing Operation Costs..... | 256 |
| Income Estimates | 257 |
| Income Estimate Table..... | 258 |
| FINAL THOUGHTS..... | 261 |
| RESOURCES | 263 |
| SOURCES | 265 |
| GLOSSARY | 269 |
| Acronyms..... | 271 |
| INDEX | 273 |
| ABOUT THE AUTHORS..... | 283 |
| A NOTE ABOUT THE PUBLISHER | 284 |
